## HOW THE DROP WORKS

1

### Read Instructions In Full

Prisons have strict rules we must follow or we will get the cards back.

See below.

2

### Write an Uplifting and Encouraging Message

Our goal is to speak life into the person receiving your card. Remind them that they matter.

Back side has examples

3

### STOP! Just Hold Onto Them

No, seriously. If you are done writing the cards – just stop, sit back and relax and then proceed to the next step.

4

### Drop Them Like It's Hot on December 18th
